

EXHIBIT B

RESTRICTIONS

THE PROPERTY SHALL BE CONVEYED SUBJECT TO THE FOLLOWING RESTRICTIONS, WHICH SHALL ENCUMBER THE PROPERTY AND SHALL RUN WITH TITLE TO THE PROPERTY.

1. **Definition of "Property"**. As used herein, the word "Property" shall mean all of the property conveyed by Grantor to Grantee pursuant to this deed; provided that if the conveyed property consists of more than one subdivided parcel of land, or if the property conveyed is ever subdivided into more than one parcel, then the defined term "Property" shall mean each parcel of land containing all or a portion of the property conveyed hereby and the restrictions set forth herein shall apply to each such subdivided parcel.
2. **Single Family Use**. The Property shall be used only for detached, single-family residence purposes, together with the necessary buildings and structures permitted pursuant to Section 6 below. No more than one detached single-family residential dwelling may be constructed on the Property. No condominium, townhouse, duplex, apartment or other multi-family residential uses are permitted on the Property. Further, no camper, trailer, motor home, boat (including, without limitation, any boat docked adjacent to the Property), recreational vehicle, or similar habitable or transportable unit or structure shall be allowed to remain on or adjacent to the Property as a place of residence. The single-family residence restrictions set forth above shall not prohibit the construction of pools, tennis courts, or other recreational facilities or amenities such as are commonly constructed and maintained for the benefit of lot owners within planned unit developments; provided that such recreational facilities or amenities shall be solely for the common use of the owners of lots subdivided from the Property and, provided further, that no such recreational facilities may be located within any Buffer Area (defined below).
3. **Restricted Activities**. The following activities are prohibited on the Property:
  - a. Raising, breeding, or keeping of animals, livestock or poultry of any kind, except that dogs, cats, or other usual and common household pets (which are registered, licensed and inoculated as required by law) may be permitted on the Property;
  - b. Any activity which violates local, state, or federal laws or regulations;
  - c. Institutional uses, including but not limited to group homes, day care centers, churches, temples or shrines, rest homes, schools, medical care facilities, lodges, inns, beds and breakfasts; and
  - d. Any business or trade, except that an owner or occupant residing on the Property may conduct business activities within a dwelling on the Property so long as: (i) the existence or operation of the business activity is not apparent or detectable by sight, sound, or smell from outside the dwelling unit; (ii) the business activity conforms to all zoning requirements for the Property; (iii) the business activity does not involve regular visitation of the Property by clients, customers, suppliers, or other business invitees; (iv) the business activity does not involve any service or delivery business in which more than one vehicle used in such business would be parked overnight on the Property, or for which any parts, equipment supplies, raw materials, components or tools are stored on the Property and (v) the business activity is consistent with the residential character of the

RECORDED 10/26/2001

Property and does not constitute an unreasonable disturbance to adjoining land owners or others, a nuisance, or a hazardous or offensive use. The foregoing shall not preclude occasional garage sales, moving sales, rummage sales, or similar activities provided that such activities are not held on the Property more than once in any six-month period. The terms "business" and "trade," as used in this provision, shall be construed to have their ordinary, generally accepted meanings and shall include, without limitation, any occupation, work, or activity undertaken on an ongoing basis which involves the provision of goods or services to persons other than the provider's family and for which the provider receives a fee, compensation or other form of consideration, regardless of whether: (i) such activity is engaged in full or part-time, (ii) such activity is intended to or does generate a profit, or (iii) a license is required. The leasing of the Property for single-family residential use shall not be considered a business or trade within the meaning of this subsection.

**4. Prohibited Conditions.** None of the following structures or improvements may be located upon the Property:

- a. Structures, equipment or other items which are visible from any road or adjacent property which have become rusty, dilapidated, or otherwise fallen into disrepair;
- b. Towers, antennas, or other apparatus for the transmission or reception of television, radio, satellite, or other signals of any kind which are located outside of the dwelling on the Property other than (i) a customary antenna, which shall not extend more than ten (10) feet above the top roof ridge of the dwelling; and (ii) a satellite dish or dish no larger than eighteen inches (18") in diameter;
- c. Any freestanding transmission or receiving towers or any non-standard television antennas; and
- d. Chain-link fences.

**5. Quality Craftmanship/Dwelling Size.** All buildings and outbuildings erected upon the Property shall be built on site of new materials of good grade, quality and appearance, and shall be constructed in a good, workmanlike manner, conforming to all applicable building codes. Further, all dwellings must meet the following construction requirements:

- a. One story dwellings shall not contain less than 2,000 square feet of Heated Living Area (defined below);
- b. One and a half story dwellings shall not contain less than 2,200 square feet of Heated Living Area;
- c. Two (or more) story dwellings shall not be less than 2,400 square feet of Heated Living Area;
- d. All dwellings and accessory structures shall be completely supported with solid brick, brick or stone covered block, or stucco covered foundation;
- e. Roofs shall have not less than a 6 inch pitch, and not less than 12 inch overhang, and shall be covered with asphalt or fiberglass shingles, terra cotta tile, real or man-made slate, copper sheathing or wood shingles or pre-painted metal roofing;

7. **Site Development Requirements.** The Property shall be subject to the following specific development requirements.

- a. No portion (or portions) of the Property greater than two thousand (2000) square feet shall be: (i) denuded of ground cover or topsoil, (ii) graded, (iii) excavated or (iv) covered with earth or other natural or man-made fill material, unless all required building, grading and erosion control permits have been issued by the applicable municipal authorities.
- b. All denuded, graded, excavated or filled areas shall be stabilized and replanted on or before: (i) the thirtieth (30<sup>th</sup>) day following the initial denuding, grading, excavation, or filling (unless footings and foundations are being installed upon the disturbed area and construction is being diligently and continuously pursued upon such area); or (ii) such time as construction is completed or interrupted for a period of thirty (30) continuous days. In addition to, or in the absence of local or state government regulations on such land disturbance, none of the activities described in (i) through (iv) in Section 7 (a) above shall be allowed to commence without compliance with the following requirements:
  - i. The surveying and flagging of the Buffer Area (defined below) and any portion of the Buffer Area that may be disturbed as a result of any activities permitted hereunder;
  - ii. The flagging of all trees in the Buffer Area that equal or exceed six (6) inches in diameter, as measured four and one-half feet (4.5') from the base of each tree. The trees, Buffer Area (defined below) and disturbed areas referenced in Sections 7 (a) and (b) shall be clearly and distinctly flagged, staked, or otherwise designated in order to prevent the unintentional violation of these restrictions by parties performing work upon the Property; and
  - iii. The proper installation (in accordance with manufacturer's instructions) of construction silt fencing on the lower perimeters of all areas within the Property to be disturbed, and any other areas which may be impacted by silt runoff from any disturbed areas located on the Property.

8. **Buffer Area Restrictions.** As used herein, the term "Buffer Area" shall mean any portion of the Property that is located within fifty feet (50') of any common boundary (the "Contour Line") of the Property and Lake Wylie (the "Lake"). No portion of the Buffer Area may be disturbed in any way, including any disturbance or removal of topsoil, trees and other natural growth. The Contour Line of the Lake shall not change as a result of erosion or stabilization measures occurring following the conveyance of this Property to Grantee. Notwithstanding the second sentence in this Section 8, the following activities are permitted within the Buffer Area:

- a. Trees which are less than six (6) inches in diameter, as measured four and one-half feet (4.5') from the base of each tree may be removed. Any tree removal shall be performed using hand held gas or electric chain saws and/or manual handsaws. No other mechanical equipment or vehicles may be used in removing any trees. Additionally, trees having a greater diameter than that set forth above that have become diseased or damaged through natural processes may be removed in the same manner.
- b. An access corridor may be created within the Buffer Area for the purpose of providing lake access to install shoreline stabilization or to install and use water access structures

CLT:57317E.1

(such as docks or boat ramps) that have been approved in advance by Duke Energy and otherwise comply with Section 8(c) above. The access corridor may not exceed fifteen (15) feet in width. Trees with diameters equaling or exceeding six (6) inches, as measured four and one-half feet (4.5') from base, may be removed within the access corridor and grading or ground disturbance (which otherwise complies with the restrictions set forth herein) may be performed if reasonably necessary to provide access to the Lake for the purposes described above in this Section 8(b).

- c. Underbrush (defined as nuisance shrubs, vines and similar plant growth beneath the tree canopy, and generally growing less than six feet (6') in height) may be removed.
- d. Pruning and trimming of trees is permitted, provided that pruning is limited to tree branches beginning with the lowest to the ground and extending up the tree trunk no more than one-half of the total height of the tree. Trimming may also be performed on any limbs or branches that are diseased or naturally damaged.
- e. The use of rip-rap, bulkheading or other shoreline stabilization methods or materials may be initiated with the prior written approval by Duke Energy and any shoreline stabilization shall be performed in compliance with Duke Energy's Shoreline Management Guidelines which are in effect at the time such stabilization occurs. Generally, Duke Energy allows structural stabilization to extend only to a height five feet above the Contour Line of the Lake. If Duke Energy authorizes Grantee to perform certain shoreline stabilization, then at all points where shoreline stabilization occurs, the inner boundary line of the Buffer Area (i.e. the boundary line opposite the Contour Line of the Lake) shall be adjusted inward (i.e. away from the Contour Line of the Lake) by the same distance that the stabilization structures or improvements extend from the Contour Line of the Lake into the Property, provided however, that in no event shall the width of the undisturbed Buffer Area be reduced to less than fifty (50) feet between any portion of the interior edge of the stabilization structures or improvements and any residence or other structure or improvement located on the Property (other than docks, boat ramps, or other water access structures which have been approved in writing by Duke Energy).

9. **No Claims.** No owner of the Property or of any Benefited Property (defined below) shall have any claim or cause of action against Grantor or its affiliates arising out of the exercise, or non-exercise, or enforcement, or failure to enforce, or the amendment, release or grant of variance with respect to any covenant, condition, restriction, easement or other right reserved hereunder or referred to herein.

10. **No Delay.** No delay or failure on the part of Grantor to invoke an available remedy with respect to a violation of any restriction contained herein shall be held to be a waiver by Grantor of any right available to it upon the recurrence or continuance of said violation or the occurrence of a different violation.

11. **Rights of Enforcement.** The covenants, conditions and restrictions set forth herein shall run with the title to the Property and shall benefit Grantor and all property (the "Benefited Property") owned on the date hereof by Grantor or its subsidiaries located within one thousand feet of any portion of the Property (other than any property located within the FERC boundaries of the Lake. If the Property owner, its heirs, successors, tenants, or assigns shall violate or attempt to violate any of the covenants, conditions or restrictions contained herein, Grantor and any subsequent owner of any portion of the Benefited Property may enforce the covenants, conditions and restrictions set forth herein by any remedy available at law or in equity, either to prevent or remediate such violation, or recover damages for such

violation, or both; provided that, with the exception of Grantor, no Benefited Property owner shall have the right to enter the Property in order to monitor or enforce compliance without court order. The party bringing such action shall be entitled to recover its reasonable attorney's fees and expenses incurred in such proceedings from the person or entity violating or attempting to violate the same. Nothing herein shall be held to impose any restriction on any other land owned by Grantor, its subsidiaries or affiliates.

12. **Modification, Amendment, Variances.** Grantor hereby reserves the right for itself and its successors or assigns, to amend or modify, relocate, or grant variances with respect to the covenants, conditions, easements and restrictions set forth herein. As used in this Section 12, the term "successors or assigns" shall be limited to Grantor's successors or assigns by merger or consolidation or by written assignment.

13. **Reserved Easement.** Grantor hereby reserves unto itself and any successors in title, (i) a ten (10) foot wide easement extending into the subject lot from and along all side Property lines, and (ii) a fifteen (15) foot wide easement for the same purposes from and along any public or private road right of way for utility lines, drainage ditches or facilities, or any other related improvements that may be required by Grantor or its successors or assigns.

14. **Minimum Lot Size.** The Property may not be subdivided in a manner that will result in any lot or parcel being created which is less than thirty-two thousand (32,000) square feet.

15. **No Modular or Mobile Homes.** No mobile, manufactured or modular home or structure having the characteristics or appearance of a mobile, modular or manufactured home, including, without limitation, any mobile, modular or manufactured home as defined by the building codes or other applicable laws of the state in which the Property is located, shall be located upon the Property.

16. **Maximum Number of Lots.** The property conveyed hereby shall not be subdivided into more than one hundred seventeen (117) lots, each of which shall be subject to the easements and restrictions set forth herein. This restriction shall not prevent portions of the Property from being conveyed to adjacent lot owners for the purpose of expanding their respective lots, provided that not more than one hundred seventeen (117) lots are created, either directly, or indirectly, out of the property conveyed hereby.
